Compliance with Public Act 87-1257 of the Illinois Human Rights Act

Public Act 87-1257, effective July 1, 1993, amends the Illinois Human Rights Act (Section 2-105) by requiring that every party to a public contract and every eligible bidder shall have a written sexual harassment policy that shall include, at a minimum, the following information.

1. The illegality of sexual harassment;
 2. The definition of sexual harassment under state law;
 3. A description of sexual harassment, utilizing examples;
 4. The contractor's internal complaint process including penalties;
 5. The legal recourse, investigative and complaint process available through the Illinois Department of Human Rights and the Human Rights Commission;
 6. Directions on how to contact the Department and Commission;
 7. Protection against retaliation as provided by Section 6-101 of the Human Rights Act.
- B. Finally, the contractor must provide a copy of such written policy to the Department of Human Rights upon request.

Compliance with the Drug-Free Workplace Act of 1988

The Drug-Free Workplace Act of 1988 requires *some* Federal contractors and *all* Federal grantees to agree that they will provide drug-free workplaces as a precondition of receiving a contract or grant from a Federal agency.

Although all covered contractors and grantees must maintain a drug-free workplace, the specific components necessary to meet the requirements of the Act vary based on whether the contractor or grantee is an individual or an organization. The requirements for organizations are more extensive, because organizations have to take comprehensive, programmatic steps to achieve a workplace free of drugs.

The Federal Acquisition Streamlining Act of 1994 (FASA) raised the threshold of contracts covered by the Drug-Free Workplace Act of 1988 from \$25,000 to those exceeding \$100,000.

All organizations covered by the Drug-Free Workplace Act of 1988 are required to provide a drug-free workplace by taking the following steps:

1. Publish and give a policy statement to all covered employees informing them that the unlawful manufacture, distribution, dispensation, possession or use of a controlled substance is prohibited in the covered workplace and specifying the actions that will be taken against employees who violate the policy.
2. Establish a drug-free awareness program to make employees aware of a) the dangers of drug abuse in the workplace; b) the policy of maintaining a drug-free workplace; c) any available drug counseling, rehabilitation, and employee assistance programs; and d) the penalties that may be imposed upon employees for drug abuse violations.
3. Notify employees that as a condition of employment on a Federal contract or grant, the employee must a) abide by the terms of the policy statement; and b) notify the employer, within five calendar days, if he or she is convicted of a criminal drug violation in the workplace.
4. Notify the contracting or granting agency within 10 days after receiving notice that a covered employee has been convicted of a criminal drug violation in the workplace.
Impose a penalty on—or require satisfactory participation in a drug abuse assistance or rehabilitation program by—any employee who is convicted of a reportable workplace drug conviction.
5. Make an ongoing, good faith effort to maintain a drug-free workplace by meeting the requirements of the Act.

Note: A contractor or grantee who fails to comply with these requirements is subject to certain penalties.
